# Open Enrollment for 2026 Benefits Is November 3-14, 2025

## It's time to choose your benefits for 2026!

Open Enrollment is your once-per-year chance to change your benefits for the following year, unless you experience a qualifying life event like getting married or having a baby in 2026. Now is the time to **act as an owner** by learning about your plan options, evaluating your needs for 2026, and educating yourself how your plans work so you can get the most out of your benefits in 2026.

Healthcare costs continue to rise nationwide. Our medical plans are self-funded with all claims paid by Albertsons and associates, not an insurance company. In 2026, it's more important than ever that you **own your benefits** and do your part to keep healthcare costs in check by understanding how your medical plan works and using the specialty care programs that are part of your BCI medical plans, including Transcarent Surgery Care, Teladoc telemedicine, and 2nd.MD second opinion services and oncology support services.

Take some time to review this guide and learn about the changes and what you need to do. More information is available on [myACI-benefits.com](https://myACI-benefits.com). Scan the QR code or link to the [Open Enrollment page](#).

## Benefits Requalification Process Underway

We are currently evaluating average hours worked over the most recent measurement period to determine benefits eligibility in 2026. You will receive a letter mailed to your home in early November if you and/or your dependents will be newly eligible for benefits in 2026 or will be losing eligibility for benefits in 2026 based on the latest measurement period.

- ☒ **Find out what's new & changing in 2026.** Read through this Guide and visit the Open Enrollment page at [myACI-benefits.com](https://myACI-benefits.com) to learn about all the changes.
- ☒ **Own your benefits in 2026.** Make sure your benefit selections are right for you in the coming year by reviewing your current elections and learning about your options – your personal benefits counselor, ALEX, can help. Healthcare costs are rising in 2026 – check your 2026 paycheck deductions by accessing your rate sheet. Learn how to talk to ALEX, view your rate sheet and access other resources on [page 15](#).
- ☒ **Enroll in 2026 Benefits.** Choose your coverage starting Nov. 3 through Nov. 14, 2025 (11:59 pm MT). Sign in to [myaci.albertsons.com](https://myaci.albertsons.com) to get started. See [page 17](#) for more information on how to enroll.

## If You Don't Enroll

It's important that you actively participate in this year's Open Enrollment to make sure your 2026 benefits meet your needs and your budget. If you decide to keep the same plans you have today, you do not need to re-enroll during Open Enrollment unless you wish to participate in a health savings account (HSA) or flexible spending accounts (FSAs) in 2026. Per IRS rules, you must elect an HSA contribution and re-enroll in FSAs each year.

## Complete Life Events and Clear Pending Actions Before Open Enrollment

The myACI Benefits system will not allow you to enroll in benefits for 2026 unless any other prior enrollment events or required actions have been completed. If you have a special enrollment event due to a life event or need to upload required documentation, you must do so before you can participate in Open Enrollment. Visit [myACI.albertsons.com](https://myACI.albertsons.com). Select **Report a Life Event or HSA Change** under **Quick Actions** to report a life event and complete enrollment. On the **Enrollment Summary** page, scroll down to **Pending Actions** to check if you have any pending actions to complete.

# What's Changing in 2026

All changes are effective January 1, 2026, unless otherwise noted.

## Core Medical Plan Annual Deductibles and Out-of-Pocket Maximums

The annual deductibles and out-of-pocket maximums for the EPO/EPO-HP Network Plan, the PPO Plan, and the HSA Plan are increasing for 2026.

	EPO/EPO-HPN		PPO		HSA	
	Current	2026	Current	2026	Current	2026
<b>Deductible</b> (Individual/ Family)	\$1,500/\$4,500	\$1,750/\$5,250	\$1,000/\$2,000	\$1,300/\$2,600	\$2,000/\$4,000	\$2,400/\$4,800
<b>Out-of- Pocket Max</b> (Individual/Family)	\$5,000/\$15,000	\$5,500/\$16,500	\$4,000/\$8,000	\$4,700/\$9,400	\$6,000/\$12,000	\$6,200/\$12,400

2

## HSA Plan Deductible Waived for Virtual Care

Effective September 1, 2025, the deductible is waived for telemedicine services for HSA Plan members. This means HSA Plan members can now access virtual care through Teladoc for just a \$20 copay and virtual orthopedic consultations through Transcarent at no cost.

3

## EPO Network/EPO HP Network Plan and PPO Medical Plan Prescription Drug Changes

## Blue Cross of Idaho Care Guides

Blue Cross of Idaho (BCI) members now have access to a network of Care Guides, including specially trained registered nurses, licensed social workers and other health professionals. Care Guides provide support along your healthcare journey, answering questions you may not have had a chance to discuss with your doctor. You can rely on your Care Guide to understand your care path, medications, treatment decision support and more. Learn more on [page 13](#).

7

## Mental Health Benefit Changes

- The ComPsych Employee Assistance Program (EAP) will now cover up to **five visits** by phone or in person per issue per year, up from three visits.
- Due to low enrollment, Teladoc Mental Health Digital (formerly myStrength) will no longer be available. You can access similar emotional support resources via your ComPsych EAP at [guidanceresources.com](https://guidanceresources.com) (Company code: **ALBERTSONSCOMPANIES**). [Learn more](#). Teladoc Mental Health virtual visits will continue to be available in 2026.

8

## 2nd.MD Oncology Support Replacing AccessHope

In 2026, AccessHope Cancer Care will be replaced by 2nd.MD Oncology Support. 2nd.MD Oncology Support offers second opinions and oncology care guidance from expert physicians with specialized expertise from National Cancer Institute (NCI)-Designated Comprehensive Cancer Centers. Plus, you'll have the support of 2nd.MD's expert oncology nurses, as well as access to specialists to provide supportive consults on topics such as nutrition, cardio-oncology, neurology, and more. Learn more on [page 9](#).

9

## Aflac Voluntary Benefit Enhancements

Aflac Critical Illness, Accident, and Hospital Indemnity insurance will be enhanced across a number of categories with no cost increase. See more on [page 12](#).

10

## New Fidelity Medicare Services

You and your loved ones have access to **Fidelity Medicare Services** at no cost to you. The program includes Medicare education and information about plan options, access to licensed insurance agents who specialize in Medicare, personalized assistance enrolling and more! [Learn more](#).

## Consider the HSA or EPO/EPO-HPN Plans in 2026

If you're currently enrolled in the PPO Plan, 2026 might be a good time to consider switching to the HSA Plan or EPO/EPO High Performance Network Plan. Paycheck deductions will rise next year, and the PPO Plan is Albertsons Companies' most expensive plan because you pay more money via paycheck deductions and less money when you receive care, which makes sense for people who need a lot of healthcare, but not for everyone. Switching to a different plan could save you money while still providing the same high-quality care.

### HSA and EPO Plans: What to Know

Here are some key features of the HSA and EPO/EPO-HPN Plans:

HSA Plan	EPO/EPO-HPN Plan
<ul style="list-style-type: none"><li>• Uses the same PPO network as the PPO Plan and has out-of-network coverage, so you can continue seeing your same providers</li><li>• Comes with access to a tax-free Health Savings Account (HSA) that allows you to save money on healthcare expenses</li><li>• <b>Lower</b> paycheck deductions than the PPO Plan</li></ul>	<ul style="list-style-type: none"><li>• <b>No</b> out-of-network coverage – you can only use doctors and facilities in the network, except in case of emergency</li><li>• Same plan, two different networks depending on your location— check the EPO/EPO-HPN Zip Code finder to see which network would apply to you</li><li>• <b>Lowest</b> paycheck deductions of the Company plans</li></ul>

# Cost Example:

## EPO, PPO and HSA Plans

The following example shows what an associate who needs a **low** amount of healthcare might pay during 2026. **Note:** The paycheck deductions shown apply only to **non-union associates** in a core rate group. Union associates and some non-union associates in other rate groups may have different paycheck deductions. Check your own paycheck deductions in **myACI > Benefits Resources > 2026 Rate Sheet**.

Felix is 39 years old and covers only himself. He is relatively healthy. During the year, he goes to the doctor for a bad case of the flu, and also uses his Teladoc telemedicine benefits to see a therapist twice and to have a dermatologist look at a rash. He also has 3 generic prescriptions over the course of the year.

	EPO Plan	PPO Plan	HSA Plan
1 in-person doctor visit	\$20	\$180 <sup>1</sup>	\$180 <sup>1</sup>
3 Teladoc virtual visits	\$60	\$60	\$60
3 Generic prescriptions (30-day supply)	\$30	\$30	\$105 <sup>2</sup>
<b>Total cost of medical services</b>	<b>\$110</b>	<b>\$270</b>	<b>\$345</b>
Total 2026 medical Plan paycheck deductions	\$941.20	+ \$1,612	+ \$1,066
<b>Total out-of-pocket costs</b>	<b>\$1,051.20</b>	<b>\$1,882</b>	<b>\$1,411</b>
<b>Savings compared to the PPO plan</b>	<b>\$830.80</b>	<b>n/a</b>	<b>\$471</b>

<sup>1</sup> Felix pays the full cost until he meets his annual deductible.

<sup>2</sup> Felix pays the full cost of 3 generic prescriptions at \$35 per prescription until he meets his annual deductible.

In this example, Felix could save \$830.80 if he enrolled in the EPO Plan or \$471 if he enrolled in the HSA Plan compared to the cost of the PPO Plan.

### Still need help choosing your plan?

Consider talking to **ALEX**, your personalized online benefits counselor. Tell ALEX a little bit about yourself and your healthcare needs, and he can help you break down the costs to make sure you're in the right plan for you.

**New for Open Enrollment:** ALEX can access claims history for BCI members giving you a more accurate picture of how much you spent on health care over a period of time.

### Will You Meet Your Deductible in 2025?

Only 54% of associates in the PPO Plan met their deductible in 2024. If you're enrolled in the PPO Plan and are part of that 46% who did not meet their deductible, switching plans might be right for you.

# Lower Your Costs in 2026 with Specialty

# Special Optional Life Insurance Opportunity

For 2026 Open Enrollment, Evidence of Insurability (EOI) is waived when electing optional life insurance up to the guaranteed issue amount. Don't miss this one-time optional life insurance enrollment opportunity!

## How Life Insurance Works

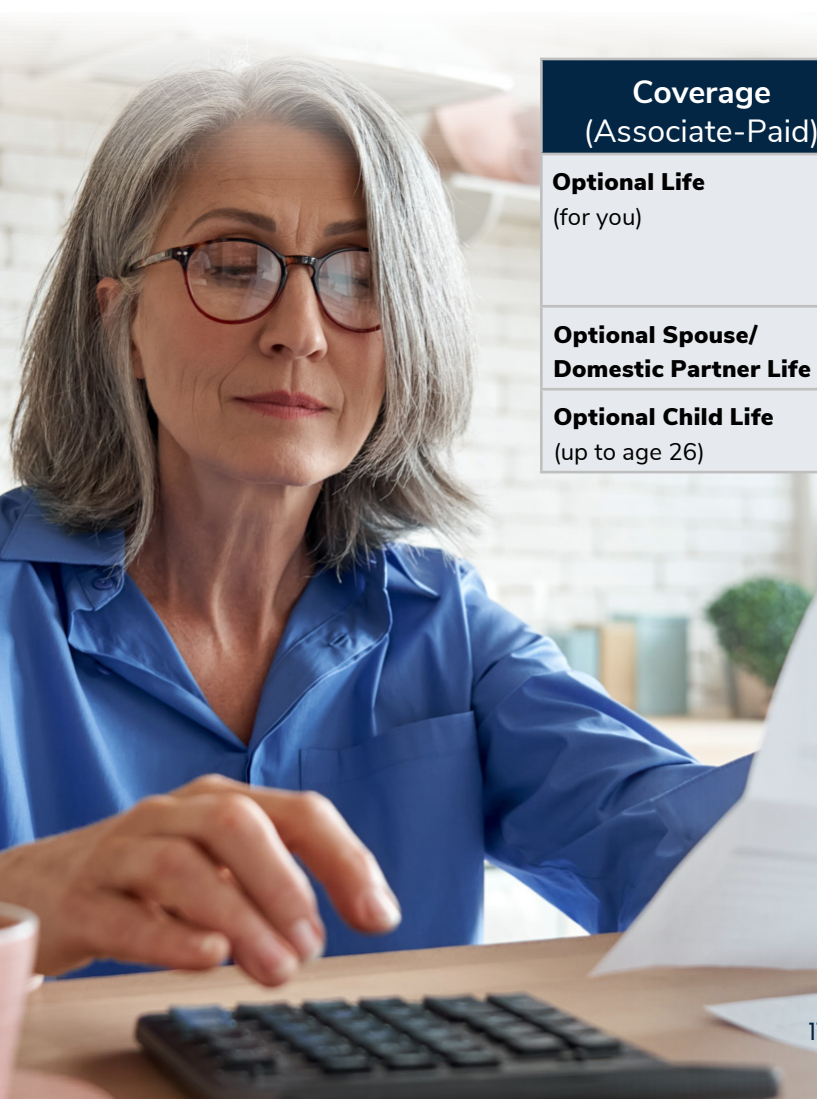

Benefits-eligible associates automatically receive **basic life insurance** paid by the Company in the amount of 2x your annual base salary.

If you are not a member of an excluded bargaining unit, you can also purchase **optional life insurance** for yourself and your family members in the following amounts.

Normally, if you purchase optional life when you are first eligible for Company benefits, you can elect coverage up to the **guaranteed issue amount** shown in the table below **without** needing to provide **Evidence of Insurability (EOI)** to the insurance

carrier, The Hartford. If you don't enroll when you are first eligible, or if you enroll in or increase to a coverage amount above the guaranteed issue amount, you must provide EOI.

However, during 2026 Open Enrollment, **anyone** can elect optional life insurance up to the guaranteed issue amount without needing to provide EOI. This is a one-time opportunity during 2026 Open Enrollment only, so don't miss out. You will still need to provide EOI if you elect coverage above the guaranteed issue amount shown below, or if you enroll or increase coverage during a later enrollment period.

Coverage (Associate-Paid)	Coverage Amount	Guaranteed Issue Amount
<b>Optional Life</b> (for you)	1X to 8X annual base salary, up to \$2,000,000 (up to \$3,000,000 combined basic life + optional life)	Lesser of 3x annual base salary of \$1,000,000
<b>Optional Spouse/ Domestic Partner Life</b>	\$10,000 to \$500,000 in \$10,000 increments	\$50,000 maximum
<b>Optional Child Life</b> (up to age 26)	\$5,000 to \$20,000 in \$5,000 increments	\$20,000 maximum

# Aflac Voluntary Benefits

In 2026, Aflac voluntary Critical Illness, Accident, and Hospital Indemnity insurance are getting some new enhancements – with no increases to your paycheck deductions. Now is a good time to take a look and see if one or more of these voluntary benefit plans might be a good fit for you. Aflac voluntary benefit coverage supplements the coverage you get from your medical plan – it is not a replacement for medical coverage.

## How They Work

Critical Illness, Accident and Hospital Indemnity insurance all offer:

- Benefits paid in a lump sum directly to you if you experience a covered event.
- The flexibility to spend the money on anything you want—medical bills before you meet your deductible, household expenses... whatever you choose.
- Coverage for eligible family members.
- Offered at affordable group rates.
- Portability—you can keep your coverage if you leave Albertsons.

## Who Should Consider Aflac Coverage?

Anyone in an Albertsons medical plan who wants to supplement their medical coverage and is eligible for Aflac voluntary insurance.

For more information, go to [myACI-benefits.com](https://myACI-benefits.com):

# Introducing BCI Care Guides

Starting in 2026, Blue Cross of Idaho (BCI) members will have access to **Care Guides** — specially trained registered nurses and social workers that serve as your point of contact for all care and health plan matters.

Care Guides allow you to get answers to the questions that you may not have had a chance to discuss with your doctor. You can rely on your Care Guide to understand of your care path, medications, treatment decision support, and more.

## Who Can Use a Care Guide?

All adult BCI members have access to Care Guides and can contact them by phone or email. You may also be contacted if a health concern is identified and your Care Guide reaches out to offer support. For example, a new diagnosis, a recent Emergency Room visit, or reminding you about important preventive care you're due for.

You can also call BCI at **855-854-1412** and ask to be connected to a Care Guide.

Your personal Care Guide will be assigned to you and learn your unique health needs.

### Your Care Guide can help you:

Understand your coverage

Help you find quality providers and coordinate care

Approve select prior authorization requests

Answer questions about diagnoses, treatment plans or medications

Connect you with community resources

And more

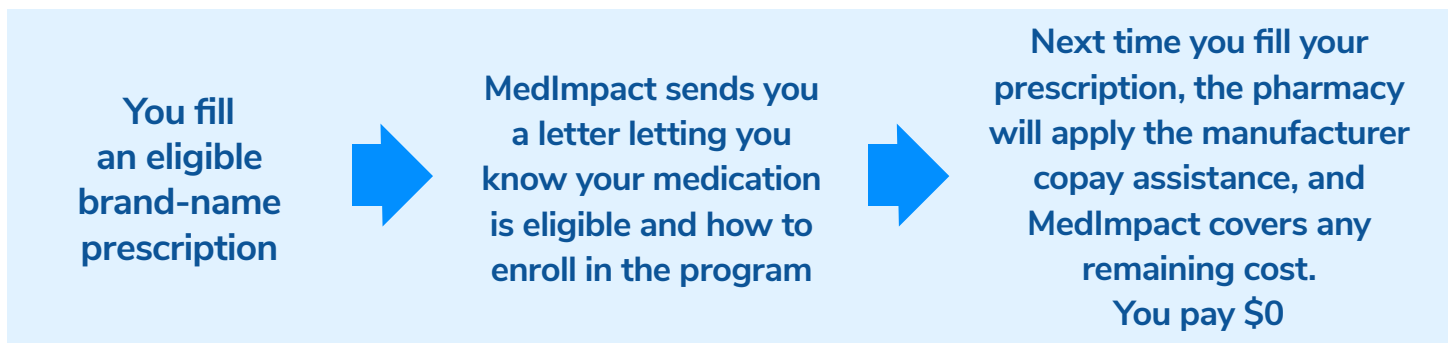

# Pharmacy Benefits Spotlight

## MedImpact Assist® Non-Specialty Copay Assistance Program

Now, members enrolled in any Albertsons medical plan except the HSA Plan or any Kaiser Permanente Plan can reduce their prescription drug costs by using available non-specialty medication manufacturers' copay assistance programs. These programs encourage the use of their brand name drug while minimizing your out-of-pocket expense and save you and Albertsons money.

### How the Program Works

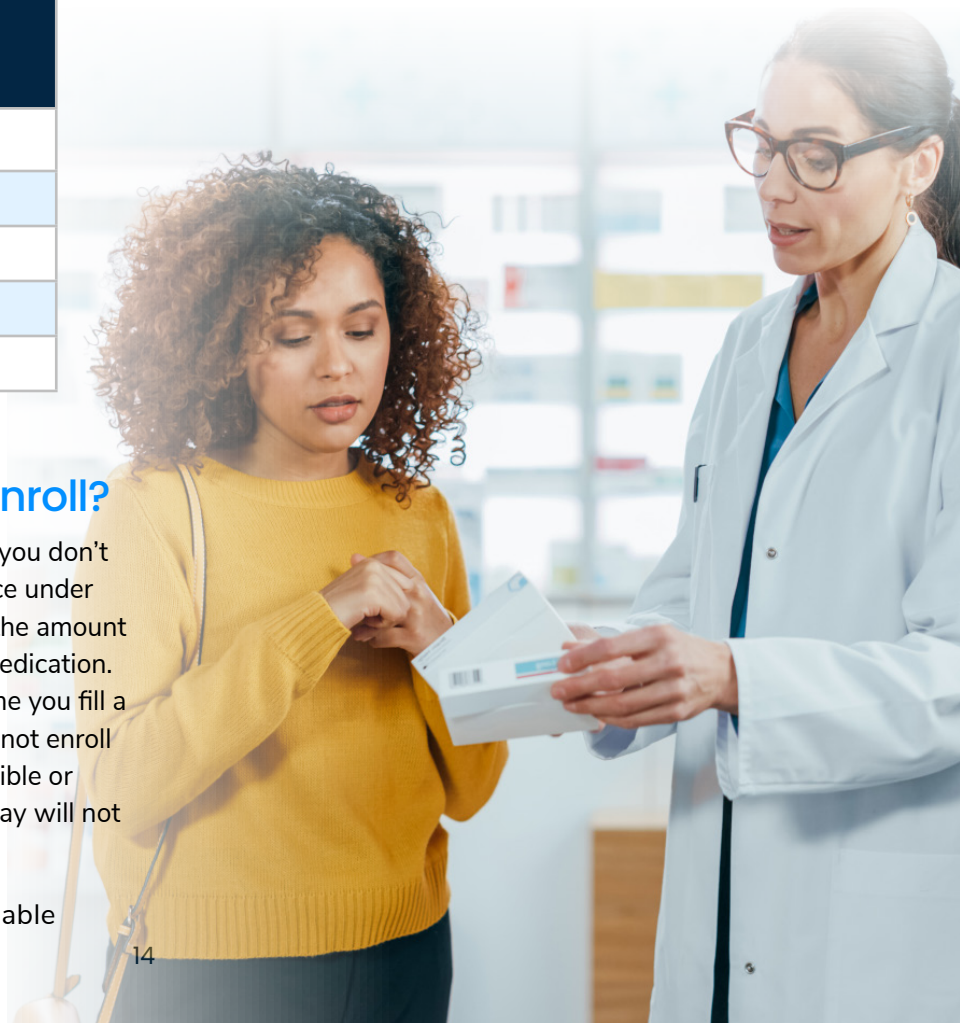

Example: Diabetic brand medication*	
Current member copay is \$90	
Current plan cost is \$430	
Prescription cost:	\$520 (with insurance discount)
Pharma coupon:	(\$175)
\$0 copay card:	(\$10)
Associate pays:	\$0 (savings of \$90)
Plan pays:	\$345 (savings of \$85)

\*Example for illustration purposes only.

### What Happens If You Don't Enroll?

If your medication is eligible for the program but you don't enroll, you will pay your regular copay/coinsurance under your medical plan plus a copay penalty equal to the amount of the manufacturer's copay assistance for the medication. This copay will apply beginning with the third time you fill a medication. The copay penalty you pay if you do not enroll in the program will not apply to your plan deductible or out-of-pocket maximum. The total amount you pay will not exceed the cost of the medication.

[More information](#) about the program is available on [myACI-Benefits.com](#).

# How to Enroll

Choose your coverage for 2026

**November 3-14, 2025**

- 1 | Review your benefit options carefully.
- 2 | Think about what you might need for the planned and unplanned events in your life.
- 3 | Enroll in coverage that fits you best.  
It's easy:

Gather birth dates and Social Security Numbers of new dependents you plan to add to your coverage.

To enroll:

- Sign in to [myaci.albertsons.com](https://myaci.albertsons.com).
- From the **Me** page, click the **Benefits** tile.
- Click the **Enroll Now** button.
- Choose Express enrollment or Discovery enrollment. Then follow the onscreen instructions.

**Express enrollment** allows you to review your current enrollment and choose whether or not you want to make any changes without going through all the plan options

**Discovery enrollment** takes you through each benefit and shows you all of the options, so you can see all of the choices available to you.

Review and submit your enrollment elections. You must click on the **SUBMIT** button at the end of your enrollment session for your elections to be saved. Finally, take a quick post-enrollment survey.

The deadline to enroll  
is **11:59 pm MT on  
November 14.**

## Are You a Recent New Hire?

If you are a new hire who started working within the past month, **you will need to enroll in benefits twice in the upcoming weeks** — once to choose your benefits for the remainder of 2025, and once to choose your benefits for 2026.

Watch for a letter mailed to your home inviting you to enroll for 2025 benefits effective through December 31, 2025. Once you have completed your 2025 enrollment, visit [myACI.albertsons.com](https://myACI.albertsons.com) to complete any pending actions such as submitting EOI or dependent verification documentation.

Once your 2025 benefits enrollment is complete and you have completed all pending actions, call the Associate Experience Center at **888-255-2269**, M-F, 6 am to 6 pm AZ time to speak to a representative who can close your new hire/newly eligible enrollment event, approve documents and open an Open Enrollment event for you to choose your 2026 benefits.
