

# State Disability and Family/Medical Leave Programs

## Overview for Associates in a State with a State Disability and/or Paid Family/Medical Leave Benefits

- Do you work in California, Colorado, Connecticut, Delaware, District of Columbia (DC), Hawaii, Maine, Massachusetts, Minnesota, New Jersey, New York, Oregon, Rhode Island or Washington State?
- Are you taking a leave of absence due to pregnancy or childbirth, a medical need, to care for a family member, bond with a new child or impacts of domestic violence and/or sexual assault?

If you answered **yes** to both of these questions, you must apply for disability or paid family/medical leave through your state in order to receive your maximum possible salary or wages during your leave of absence. It is important to proactively apply for these benefits to avoid any delays in pay and to streamline providing the necessary documents.

**See specific information on your state program below.**
