Important Questions	Answers	Why This Matters
What is the overall Deductible ?	In-Network \$5,050 family; Out-of-Network \$10,100 family.	Generally, you must pay all of the costs from Providers up to the Deductible amount before this Plan begins to pay. If you have other family members on the policy, the overall family Deductible must be met before the Plan begins to pay.
Are there services covered before you meet your Deductible ?	Yes. Listed Preventive Care are covered before you meet your Deductible .	This Plan covers some items and services even if you haven't yet met the Deductible amount. But a Copayment or Cost Sharing may apply. For example, this Plan covers certain Preventive Services without Cost Sharing and before you meet your Deductible . See a list of covered Preventive Services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other Deductibles for specific services ?	No. There are no other specific Deductibles .	You don't have to meet Deductibles for specific services.
What is the Out-of-pocket Limit for this Plan ?	In-Network \$6,450 person/ \$12,900 family; Out-of-Network \$12,900 person/ \$25,800 family	The Out-of-pocket Limit is the most you could pay in a year for covered services. If you have other family members in this Plan , they have to meet their own Out-of-pocket Limits until the overall family Out-of-pocket Limit has been met.
What is not included in the Out-of-pocket Limit ?	Contributions, Balance-Billing charges and health care this Plan doesn't cover.	Even though you pay these expenses, they don't count toward the Out-of-pocket Limit .
Will you pay less if you use a Network Provider ?	Yes. See www.bcidaho.com or call 1-855-854-1412 or 208-985-1968 for a list of Network Providers .	This Plan uses a Provider Network . You will pay less if you use a Provider in the Plan 's Network . You will pay the most if you use an Out-of-Network Provider , and you might receive a bill from a Provider for the difference between the Provider 's charge and what your Plan pays (Balance Billing). Be aware your Network Provider might use an Out-of-Network Provider for some services (such as lab work). Check with your Provider before you get services.
Do you need a Referral to see a Specialist ?	No.	You can see the Specialist you choose without a Referral .

All [copayments](#) and [cost sharing](#) costs shown in this chart are after your [deductible](#) has been met, if a [deductible](#) applies.
